

On Deck Training Center Post-COVID Health & Safety Plan for Summer Baseball Camps

Per the Pennsylvania Governor's state directives in regard to recreational summer camps operating in counties in the yellow or green phase, the following procedures will be implemented to mitigate health risks in accordance with CDC recommendations:

- We ask that you do not send your child to camp if they have symptoms of COVID-19, a positive test for COVID-19, or were exposed to someone with COVID-19 within the last 14 days.
- There will be no use of dugouts at any point during camp. Players will keep their equipment bags outside of the playing field in an open area where social distancing is easier to maintain.
- A portable hand sanitizer dispenser will be on site. All players will be required to use this when dropped off in the morning and at the start of all water breaks which tend to be every 30-40 minutes. We recommend each player bring their own personal hand sanitizer to keep in their bag and use as much as possible.
- Based upon the number of players attending the camp groups will be established first by age. The 2 age groups will participate in drill work then scrimmages on separate field the entire week. Small groups will be established within the 2 age groups for drills. These small groups will remain the same the entire week.
- We ask parents to use their judgment each morning in regard to their child's health. We recommend taking their temperature prior to camp and please keep them home if there is any concern that they may be sick. Players who appear to be sick i.e. excessive coughing, sneezing, complaining of fatigue or headache will be sent home. A credit will be applied to your account for any days missed due to sickness.
- All players are required to bring their own equipment which includes a helmet, bat, and glove. Individual equipment will not be provided by On Deck Training Center and only siblings in the same group will be allowed to share.
- All baseballs in the buckets will be sprayed with disinfectant after camp each day.
